Hi all,

Ex. 5 AC/AWP/DP

Ex. 5 AC/AWP/DP since you all are doing a deep dive of the regulations, I was hoping you might help me focus my review. I also would like to coordinate on any comments we send forward. Should I set up a short call to discuss? There isn't a lot of time to turn this around, unfortunately – Megan would like feedback by July 16 at the latest.

Good morning, Marcia, Amy, Cindy and Rob:

As I communicated on previous UOG POC calls, I am an "official observer" for the STRONGER State Review of New Mexico's air quality regulations.

Please call or email today or early next week to let me know if you want and have the time/resources to work with me on this. You may also suggest another colleague. If you are willing to help, I ask that you review the report, share red-lined edits and comments on the draft report (on the UOG POC SharePoint site) and join a July 15 or 16 call with me and other EPA reviewers to discuss comments.

Thanks so much for your consideration, Megan
